

# EMERGENCY SERVICES ROAD SIGNS

## Can We Find You?

Many houses in our community are not well marked, which can delay Fire Department, Ambulance or Police in an emergency. Help your Emergency services, your family and your neighbors find you by displaying large reflective signs with house numbers on both sides! These signs can be mounted to your mailbox post or a post that is close to the road. These highly reflective and very visible home ID signs help us find your home quickly during emergencies.

The signs are \$20 picked up or \$25 installed. All profits will go to support The New Hartford Volunteer Fire Dept. and The South End Fire Dept. (depending on the fire tax district you live in.) To preorder your sign, fill out the form below and send in with your payment. The first installment of Signs will be available for pick up and install August 13th, 2016. There is no time limit; you may order your sign when it is convenient for you.
